**Subject:** VT Medicaid EHR Incentive Program – Patient Volume data tool; Public Health MU Measures; VITL Summit

Dear Providers and Preparers:

The VT Medicaid Electronic Health Record Incentive Program (EHRIP) Team has posted several new Announcements at our website: <http://hcr.vermont.gov/hit/ehrip/announcements>

Be sure to bookmark the *Announcements* page and visit the site regularly for the latest program guidance and policy updates. Recently added:

- **Patient Volume Data Tool.** To help providers and preparers comply with documentation requests during the attestation process, the EHRIP Team has posted a Patient Volume Data Tool specifying the data required to validly calculate and verify Medicaid patient volume for Vermont Eligible Professionals. <http://hcr.vermont.gov/hit/ehrip/patientvolume/datatool>
- **Public Health Meaningful Use Measures.** We have posted a link to the Vermont Department of Health's website describing their ability to accept electronic data related to the Public Health Meaningful Use measures: Immunization Registry reporting, Electronic Laboratory Reporting and Syndromic Surveillance. [http://healthvermont.gov/hc/meaningful\\_use.aspx](http://healthvermont.gov/hc/meaningful_use.aspx)
- **2013 VITL Summit.** EHRIP Team members will be attending the VITL Summit, co-presenting a Track 2 Meaningful Use session on audit information, and staffing a booth along with the Vermont Blueprint for Health Team. If you have plans to attend the VITL Summit, please stop by and say hello. For more information on the agenda and to register: <http://vitl.net/education/vitl-summit>

As ever, if you have any questions, contact the EHRIP Team at [ehrip-support@vitl.net](mailto:ehrip-support@vitl.net).

Thank you,  
Lorraine
