

How to Obtain a CMS EHR Certification ID

Access the **ONC CHPL Home Page**:

<http://oncchpl.force.com/ehrcert?q=chpl>

There are four steps necessary to obtain the CMS EHR Certification ID:

1. Product Search
2. Select Products
3. Review Progress
4. Obtain CMS EHR Certification ID

Step 1: Product Search

There are three main search options available on the CHPL. The user can search by Product Name, Vendor Name, or CHPL Product Number. If the user would rather browse all certified products, then click the 'View All Products' option underneath the main search area. With any of the search options, the CHPL will display the first 10 products, listed alphabetically by product name. Once the list of products displays in the search results window, the user can sort the list by any of the available column headings.

The screenshot displays the homepage of the Certified Health IT Product List. At the top, the logo features a star with a rainbow trail above the text "Certified Health IT Product List" and "The Office of the National Coordinator for Health Information Technology". Navigation links for "Home", "Overview", "Contact", and "Product Listings" are on the right. The main heading is "Comprehensive List of Certified Health Information Technology". Below this is a search box with the prompt "Start by searching the list of certified products:". The search dropdown menu is open, showing "Product Name" (selected), "Vendor Name", and "CHPL Product Number". A "Search" button is to the right of the input field. Below the search area are three columns of information:

- Using the CHPL Application** (mouse icon): Find out how to select your Certified Health Information Technology so you can get your CMS EHR Certification ID. [LEARN MORE](#)
- Download Product Information** (download icon): Access the complete listings of Certified Health Information Technology here, including the 2011 edition, the 2014 edition, or a combination of the 2011 and 2014 edition. [DOWNLOAD](#)
- Health IT Certification Program** (info icon): Learn about the standards and certification criteria adopted by the Secretary of Health and Human Services. [LEARN MORE](#)

At the bottom, a footer contains navigation links: "Home | [ONC Certification Website](#) | [Certification Program Regulatory Guidance](#) | [CMS EHR Certification ID Product Lookup](#) | [Privacy Policy](#) | [Contact](#)" and the text "Office of the National Coordinator for Health Information Technology".

The CHPL has a search result filtering option. There are several filters available on the left side navigation on the search results screen. This feature allows the user to filter the search results in real time according to the following filtering criteria:

1. Certification Edition
2. Practice Type
3. Classification
4. Certified Criteria
5. Certified CQMs

20 products found 10 per page

Step 2: Select Product(s)

Once the user has identified a Certified Health IT product for selection, through any of the search options, click the check box next to the product name to finalize its selection. Once this box is checked, the product progress drop down window will display from the top of the screen. This product progress window will automatically and dynamically update with products that are added or removed from selection while on the CHPL. To minimize the progress window, click the up arrow. Products can be added or removed at any time. In order to successfully remove a product which has been added while in the progress window, click the red X icon located next to the product's name.

Step 3: Review Progress

Once a product has been selected, the user can click the 'View Progress' button to view the Progress page and view current status in relation to meeting necessary requirements to obtain a CMS EHR Certification ID. This page lists all certified products that have been selected. The Attestation indicators help the user view what certification criteria the selected products have fulfilled. 100% of the minimum required base criteria must be fulfilled before the user can obtain the CMS EHR Certification ID.

Step 4: Obtain CMS EHR Certification ID

Once the user has fulfilled the criteria necessary to obtain the CMS EHR Certification ID, the CHPL website will activate the 'Get Certification ID' button, and the CHPL will generate and display a CMS EHR Certification ID which is representative of the combination of products selected

The screenshot shows the 'Certified Health IT Product List' website. The header includes the logo and navigation links: Home | Overview | Contact | Product Listings. The main content area is titled 'Your Progress' and indicates that the user's product(s) meet 100% of the minimum required Base EHR criteria, CQM domains, and either inpatient or ambulatory CQMs. A modal window is open, displaying the CMS EHR Certification ID: 1314E01RWCTUEAD. The modal also includes instructions to submit this ID as part of the attestation process and provides buttons for 'Email', 'Print', and 'Close'. The background shows a list of products with their respective CHPL IDs and 'Remove Product' buttons.
