Meeting Materials

Slides from this presentation can be found here - HIE Data Governance Council Meeting Slides 10/29/24

Domain Team Updates:

Social Drivers of Health

The council members reviewed the accomplishments, timeline and key deliverables involving Social Determinants of Health initiatives.

• Social Drivers of Health domain team established

 • Working with the SDoH domain team to create data governance framework documentation

• Contracted with NORC to create SDoH Roadmap

Federated Team Updates:

Data Integration Team -Kristina Choquette

Data Completeness Dashboard presented using a subset of data for demonstration purposes only.

• Controlling Blood Pressure for Vermonters

• Hemoglobin A1c Control for Vermonters

• Depression screening for Vermonters

Dashboard focuses on data measures and informs where more work might be needed to improve completeness

Future suggestions:

- Revisit denominator
- To accommodate missing data points, there should be a confidence interval on degree of reliability
- Determine goal size of cohort/population
-

Engagement and Enablement Team -Maurine

The workgroup has established KPIs to monitor the impact of Vermont's HIE, including data on provider participation, result deliveries, clinical portal usage, and a developing metric on the average number of providers visited by patients.

- Metrics and Measures
- Grid of orgs that contribute and/or access data
- HCO defined as one pipeline of data from a single organization

Public Comment

None

Adjournment
