

VHCURES-VHIE Integration

August 15, 2023

Prepared by HIE Program Team

Agenda

- Review: Scope of Work
- Proposed Future Agendas
- High level ingestion of identified data

Proposed Agendas

- Agendas for each of our remaining meetings:
 - Tuesday, 8/29: Identified Data
 - Governance – how to define the right governance over the combined data set
 - Data Access / Uses – identifying use cases and what can be accomplished from a combined data set
 - Barriers / Risks – what are the barriers to achieve this and steps to try to address them
 - Tuesday, 9/12 Deidentified Data
 - High level Ingestion of deidentified data
 - Governance
 - Data Access / Uses
 - Barrier / Risks
 - Tuesday, 9/26
 - Finalize Project Plan

Project Scope

- Vermont [Act 167 of 2022](#): *“the HIE Steering Committee shall include a data integration strategy in its 2023 HIE Strategic Plan to merge and consolidate claims data in the Vermont Health Care Uniform Reporting and Evaluation System (VHCURES) with the clinical data in the HIE.”*
- The approved Vermont Health Information Exchange ([VHIE](#)) [Strategic Plan](#) calls for delivery of *“a project plan, using the Project Management Institute (PMI) framework.”*

High Level Discussion of Ingestion

- How the data would be ingested into the HIE?
- Data Mesh Strategy? Other?
- MPI – same as state MPI?
