Shared Values and Goals

The subcommittee quickly reviewed the slide containing shared values and goals.

Use Case Prioritization

- The subcommittee deliberated on the prioritized list of use cases (8 out of the 28 from slide#5).
- A key concern raised was that the claims data is 9 to 12 months old by the time VHCURES gets data from various payers and processes them.
- The subcommittee members from GMCB provided additional context on the VHCURES reporting schedule (monthly/quarterly/annual).

Public Comment
