We have started processing applications and appreciate your patience.

New Medicaid Operations Administrator has joined Vermont Promoting Interoperability/Electronic Health Record Incentive Program *(Posted 05/19/2020)*

The team is pleased to announce that we recently hired a new program administrator. Michelle Sawyer brings along several years of experience in social and healthcare programs, both as a direct service provider and in administering and developing quality assurance, implementation, and operational procedures. Michelle will be serving as the lead outreach and education point of contact for the team. She is excited to be onboard and looks forward to helping all of you, our program participants, as you navigate the complex requirements of the Vermont Promoting Interoperability Program.

Thank you,

Michelle Sawyer
